

# Computing in High Energy and Nuclear Physics

Prague | Czech Republic | 21 - 27 March 2009

# CHEP'09

## CHEP'09

The CHEP'09 Conference provides an international forum to exchange information on computing experience and needs for the High Energy and Nuclear Physics community, and to review recent, ongoing, and future activities.

## Conference Topics:

- Online Computing
- Event Processing
- Software Components, Tools and Databases
- Hardware and Computing Fabrics
- Grid Middleware and Networking Technologies
- Distributed Processing and Analysis
- Collaborative Tools

## Conference Secretariat:

GUARANT International, Opletalova 22, 110 00 Prague 1, Czech Republic  
Tel.: +420 284 001 444, Fax: +420 284 001 448, E-mail: [chep2009@guarant.cz](mailto:chep2009@guarant.cz)
